INSTRUCTIONS TO AUTHORS

Language: Metodološki zvezki is published in English.

Submission of papers: Authors are requested to submit THREE copies of their articles (complete in all respects) to the Editor. Contributions are accepted on the understanding that the authors have obtained the necessary authority for publication. Submission of a paper will be held to imply that it contains original unpublished work and is not being submitted for publication elsewhere. Articles must be prepared in LaTeX or Word. Appropriate styles and example files can be downloaded from http://mrvar.fdv.uni-lj.si/pub/mz/

Review procedure: Manuscripts are reviewed by two referees. The editor reserves the right to reject any unsuitable manuscript without requesting an external review.

Preparation of manuscripts

Tables and figures: Tables and figures must appear in the text (not at the end of the text). They are numbered in the following way: Table 1, Table 2, ..., Figure 1, Figure 2, ...

References within the text: The basic reference format is (Smith, 1999). To cite a specific page or pages use (Smith, 1999: 10-12). Use “et al.” when citing a work by more than three authors (Smith et al., 1999). The letters a, b, c etc. should be used to distinguish different citations by the same author(s) in the same year (Smith, 1999a; Smith, 1999b).

Notes: Essential notes, or citations of unusual sources, should be indicated by superscript number in the text and corresponding text under line at the bottom of the same page.

Equations: Equations should be centered and labeled with two numbers separated by a dot enclosed by parentheses. The first number is the current section number and the second a sequential equation number within the section, e.g., (2.1)

Author notes and acknowledgements: Author notes identify authors by complete name, affiliation and his/her e-mail address. Acknowledgements may include information about financial support and other assistance in preparing the manuscript.

Reference list: All references cited in the text should be listed alphabetically and in full after the notes at the end of the article.
